

Organising the Eco Friendly Way

Organising the Eco Friendly Way

Name & Date _____

Outcomes Top Five Points

1. What is eco organising?
2. Working with the 10 R's
3. Falling in Love with your space again
4. The Entrance Area
5. Creating that first impression

Presented by Tanya Lewis

What is Eco Organising?

Closing the Loop

The 10 R's

Working with the 10 R's

- 1 Rethink
- 2 Responsible
- 3 Repair
- 4 Refuse
- 5 Reorganise
- 6 Restyle
- 7 Repurpose
- 8 Reduce
- 9 Reuse
- 10 Recycle

And Reward yourself with more time, space and cleaner environment.

Step 1 Falling in Love Again

My dream entrance area is filled with....

Step 2 Grab a separate sheet of paper

Step 3 Whats' my Clutter

Example: bags, clothes, shoes

What do I hate about this space?

What's not working for me in this space and why?

What do I love about this space?

What works for me in this space and why?

Step 4 What Stays?

Step 5 What Goes?

Step 6 Responsible Disposal

Step 7 Rethink & Reorganise

Need

Want

Storage: Hooks, cupboards, drawers, chests, tubs, baskets, bowls

Step 8 Tool Kit.

Here are a few ideas to get our started

- Shredder, recycle bin, bags for donations
- Tape measure, new/repurposed storage containers.
- Biro, note books
- Calendar, planner, whiteboard, blackboard

Whateslse?

Step 9 Repairs

Step 10 Reward Yourself

Finish these sentences.

When I walk into my home I feel.....

Visitors love this space because.....
